

# THE VAULT

SUMMER 2019

## #commUNITY

It has been an exciting first 9 months since The Vault opened! We have enjoyed offering many fun events such as Fear Factor, Disney Karaoke, a Scavenger Hunt, Nerf Wars, Tournament Nights, Open Mic Nights, and more! Seeing students gathering to laugh, be challenged, make new friends, and even help with renovations has been a blessing. Our other free services and opportunities have included tutoring and mentoring, yoga and art classes, community service projects, entrepreneur camp and growth in small business skills through the student run café, trips to farms, and involvement in a variety of student leadership teams. Because of the amazing commUNITY support including 50+ mentors, we have also been able to connect students with counseling, pregnancy and substance abuse support services, youth groups, Big Brothers Big Sisters, and Little Galilee.

## #bethegood

The final phases of our renovations are on the horizon as we hope to have them completed before the start of the school year. Hundreds of amazing individuals, churches, businesses, and organizations have stepped up to make this possible, and we are eternally grateful!!! We are currently looking to hire a part-time program director and a part-time marketing/PR director. If interested, please contact Michelle at 309-212-7332. Thank you!!!

Nerf Wars!!

Demo Day!!
